Children Safeguarding Training Courses

April 2025 - March 2026 (v2)

Introduction

This brochure has been produced to support organisations to access training with regards to safeguarding children and supporting families in Bolton.

Important

1. Updates of this brochure will be routinely made at [Multi-agency Training Brochure](#)
2. All course registration is via Eventbrite with the relevant enrolment links shown adjacent to each course listing
3. Training may take place via online, Microsoft Teams, Zoom or face-to-face. See individual course details.
4. Generally, courses are restricted to 2 persons / organisation unless informed otherwise via email communications or similar

The courses are described as:

- **Basic Awareness**
- **Intermediate**
- **Advanced**

This is to guide delegates and managers in their course selection.

Basic Awareness – This is aimed at staff who don't routinely deliver direct work to children at risk or are new to their role. Staff will gain a generic and fundamental understanding of the topic area. E.g. knowledge on the risk, signs, and know how to seek advice and support.

Intermediate – This is aimed at staff working regularly with children and/or the risk is recognised in their work or role. As such they require a more in-depth knowledge of the subject area. The courses tend to cover definitions, effects, impact and trauma, risk assessment, interventions, and referral pathways.

Advanced – this is aimed at staff in a specialist role or where the subject is a consistent feature of their work and staff want to further develop their knowledge/expertise to be able to work with and advise others. E.g. Designated Safeguarding Leads
