

Bolton Safeguarding Children Partnership—Multi-agency Training

Intrafamilial Child Sexual Abuse

Level — Advanced

Information

This course is delivered by Suzi Moore, a respected authority in the safeguarding of children. The course is fully named “Safeguarding Children and Young People Affected by Intrafamilial Child Sexual Abuse” and is for anyone who works with Children and Families who would benefit from being able to recognise, assess, refer and support children who are, or are suspected of, suffering from child sexual abuse which takes place in the family home.

Objectives

- Understand the typology and prevalence of IFCSA
- How attitudes and beliefs can have an influence on ability to safeguard
- Overview of the legal, statutory guidance and local protocols
- Recognise the indicators of CSA
- The impact of this type of abuse on children, siblings, and parents
- Application of the trauma recovery model
- Awareness of good practice and agencies who can offer support
